

Assembly Guide

Congratulations! And thank you for purchasing the one-and-only Hop-a-Razzi...the only rolling, stacking, adjustable and colorful tennis ball basket on the market. To get you started, here are a few simple instructions to get you out on the court sooner and picking up balls faster and easier than ever.

1 Squeeze both open ends of the pin while you place it in the arm of the basket until the little knob pokes through the hole.

2 If you can't push the pin in on your own, you might want to use a small hammer to tap it in.

1 To get you started, here are a few simple instructions to get you out on the court sooner and picking up balls faster and easier than ever.

2 You will find the basket, pins (either inserted or in a bag) and the handle (s). Take all items out of the box and protective plastic wrap.

3 Flip up the basket arms that are folded at the bottom of the basket and slide the handle over both basket arms. Be sure to have the handle holes on the same side as the adjustment pins.

4 Adjust the height of the handle by pushing in the pins and pushing down or pulling up on the handle to meet your desired height.
